

Marla Lichtenberger, DVM, DACVECC

Doctor Marla Lichtenberger is an emergency critical care specialist in practice since 1987. She brings a wealth of experience to Milwaukee Emergency Center for Animals, including general practice experience, internship at the Animal Medical Center in New York and residency training in Milwaukee, leading to board certification in Emergency and Critical Care.

Doctor Lichtenberger's contributions to the profession are extensive, having served on the executive board of the Wisconsin Veterinary Medical Association (2004-2006), president of the Milwaukee Veterinary Medical Association (2002-2007) and PR chair for the College of Emergency and Critical Care committee (2002-2007).

She is a frequent international speaker on emergency and critical care for small animals and exotics, as well as a published researcher. Dr. Lichtenberger's peer-reviewed publications include the *Journal of Veterinary Emergency Critical Care*, *Vet Therapeutics and Resuscitation*. She is on the board of small mammal exotic pet committee, which is preparing the first ABVP small mammals board exam for 2009. Dr. Lichtenberger will be the first boarded small mammal specialist in Wisconsin.

Nobody understands the needs of referring veterinarians better than Dr. Marla Lichtenberger and she and her staff pledge to provide the best, most-efficient care to vets and their clients.

*At MECA, there is no higher priority
than promptly serving the critical needs
of referring veterinarians and
their patients, 24/7."*

MARLA LICHTENBERGER, DVM, DACVECC

Welcome to Milwaukee Emergency Center for Animals

Any Time Any Day

MECA is always open, 24 hours every day of the year. Should your pet become ill or injured at four in the morning, he or she will receive the same quality of care as at four in the afternoon. Our veterinarians, technicians and staff will help your pets when they need it most-immediately.

What Makes MECA Unique?

We combine advanced equipment with a knowledgeable, experienced and compassionate staff in a team-oriented approach. This allows us to provide comprehensive care in the diagnosis and treatment for cats, dogs, small mammals, birds, and reptiles. We understand the very special bond formed between you and your pet. We understand the bond formed that makes them a treasured part of your family. In our hospital, pets of all species are made comfortable in our intensive care unit and checked regularly, at all hours of the day and night.

*Our management team includes a wide-array
of committed experts:*

Shawn McVey, business consultant

Charlotte LaCroix, Contract Lawyer

Mark Styles, local attorney
