Cathy Poehlmann, D.V.M.

Dear Dr. Marla Lichtenberger,

Thank you very much for coming to our hospital and helping us refine our CPR skills. Your practical yet learned advice will undoubtedly assist us in performing CPR promptly and effectively. We ordered the AVECC CPR drug dose wall chart today and plan on making the trip over to Walmart for the tackle box.

Your dedication to and your passion for the art and science of emergency and critical care medicine really communicates well during your presentation-it's no wonder that you were awarded the outstanding speaker awards at NAVC and WVC! We truly appreciate the time you spent with us as well as the gift of the vial of vasopressin.

We wish you well in the development of your new emergency hospital and hope that we can send some patients your way.

Sincerely,

The staff at the Park Pet Hospital
